Plain-English multi-rooftop parts intelligence with a green / yellow / red human gate — email desk, counter search, DMS core, transfers — priced by **rooftop band**, not chatbot seats.

Core pricing

Package	Rooftops	Price	What it is
Pilot	1–3	\$3,500 one-time	30-day measured engagement. Fully credited against first 3 months of production fees on conversion.
Starter	1	\$995 / mo	Full production system for one rooftop (see Included).
Group	2	\$1,490 / mo	\$995 + \$495 second rooftop. Same product surface across both stores.
Growth	3–5	\$1,895 / mo	Best value. Beats a la carte at every size in band (worked examples below).
Enterprise	6+	Custom quote	Priority support + named contact + VPC/on-prem options. Guide ~\$350–\$450 blended / rooftop / mo.

A la carte (if not on Growth/Enterprise): **\$995 first + \$495 each additional**. Growth locks 3–5 stores at \$1,895 so a 5-store group is not punished vs a 3-store group.
